GOING FIRST
The player who first declares a desire to go first (i.e. the player who “calls it”) gets to go first. An excellent way to call it is to simply grab for the top card on the Draw Pile and start playing.

JUMPING IN
New players may join the game at any time. They are dealt their three cards as soon as they jump in.

TURN SEQUENCE
A turn consists of the following steps:
1) Draw the # of cards currently required.
2) Play the # of cards currently required.
3) Discard down to the Hand Limit (if any).
4) Discard Keepers down to the current Keeper Limit (if any).

WINNING
The game continues until one player meets the conditions of the current Goal. That player wins immediately, regardless of whose turn it is.

GOAL:
When a Goal is played, place it face up in the center of the table, discarding the previous Goal (if any). The game begins with no Goal in play, so no one can win until one is played.

KEEPER:
To play a Keeper, take it out of your hand and place it on the table in front of you, face up. Most of the Goals require you to have a particular pair of Keepers, so playing a Keeper is always a good thing.

ACTION:
Actions are used once and discarded. Just put the card on the Discard Pile and do whatever it says. Note that while some Actions may cause additional cards to be played, everything that happens as a result of an Action card is considered part of one “play.” It is also possible for an Action to have no effect on the game.

REGARDING DISCARDING
Discarding a card is not the same as playing it. When a card is played, all instructions on that card must be followed, if possible. You cannot simply discard unwanted cards; you can only discard if you are compelled to by a Hand Limit. (Yes, this means you could be forced to play a card that makes someone else win.)
