Hello from Looney Labs!

Our biggest hit is a card game called Fluxx - the card game of ever changing rules. We have sold almost 500,000 Fluxx games, mostly through small "mom & pop" game stores and direct to the consumer through our web site. The game has a huge following... if you sell nothing else in our line, you need to be selling Fluxx. And don't forget the all new version - Monty Python Fluxx - 100 cards in a new double-wide box!

But we have LOTS of great games beyond Fluxx which you will find detailed on this price sheet and in our beautiful color catalog. A few items which are Temporarily Out of Stock are marked TOS, below.

Thanks for selling our games!
